

Emily T. Nguyen

✉ emilyn98@usc.edu  www.linkedin.com/in/ennsk8  <https://scholar.google.com>  <https://eemokey.github.io>

Education

Aug 2022-Present Ph.D. in Computer Science
2018-2022 B.A. in Computer Science

University of Southern California (USC)
University of California, Berkeley (UC Berkeley)

Research Experience

Aug 2022 Research Fellow: (Present) **University of Southern California**
- Katritch/CACS Lab - Deep learning for drug discovery
Jun 2024 Research Affiliate: (12 months) **Broad Institute of MIT and Harvard**
- Collins Lab - Developed hybrid models for high-throughput screening to identify novel compounds for marine antitoxin discovery
Jan 2020 Research Affiliate: (32 months) **Lawrence Berkeley National Laboratory**
- NSML Lab - Designed software pipeline to segment and classify trials from continuous behavioral data, saving manual annotation hours to segregate hierarchical phenotypes.
Aug 2019 Research Apprentice: (33 months) **University of California, San Francisco**
- Ben-Shalom/Bender Lab - Built neuronal models to simulate genetic variants of Epilepsy and Autism for a tool that is currently adopted by UPenn, Northwestern, and Tel Aviv.

Honors and Awards

2023-2028	NSF GRFP (National Science Foundation Graduate Fellowship)	USC
2026	KDD Student Travel Award	USC
2024	Excellence in Science Communication for Social Good Award	USC
2024	Undergraduate Research Mentoring Award	USC
2024	Award for CRA-WP Grad Cohort for Women	USC
2024	Best Oral Presentation Award, USC Pathology Conference	USC
2023, 2024	Graduate School Research Award	USC
2022	Viterbi & Graduate School Fellowship	USC
2022	Honors Program in (EECS) Electrical Engineering and Computer Sciences	UC Berkeley
2021	SURF \$5000 Rose Hills Independent Fellowship	UC Berkeley
2016	U.S. Figure Skating Double Gold Medalist	

Scholarship

Stars (*) next to names in the author lists indicate equal contribution.

Conference Papers

2026 [C4] GLACIER: A Multimodal Student-Teacher Foundation Model for Molecular Property Prediction
Emily Nguyen, Yongchan Hong, Harsh Toshniwal, Yan Liu, Andreas Lutten
KDD 2026

2026 [C3] Trustworthy Protein–Ligand Binding Affinity Prediction via Reliability-Aware Multi-Engine Fusion
Yongchan Hong, Defu Cao, Wenjin Liu, Thomas Ku, Jordy Homing Lam, **Emily Nguyen**, Willie Neiswanger, Vsevolod Katritch, Yan Liu
KDD 2026

2023 [C2] Transferable and Interpretable Treatment Effectiveness Prediction for Ovarian

Emily T. Nguyen

✉ emilyn98@usc.edu  www.linkedin.com/in/ennsk8  <https://scholar.google.com>  <https://eemokey.github.io>

Cancer via Multimodal Deep Learning.

Emily Nguyen, Zijun Cui, James Enouen, Georgia Kokaraki, Joseph Carlson, Yan Liu.

American Medical Informatics Association (AMIA) 2023.

2021 [C1] ReachMaster3D: An Experimental Platform Capable of Precise 3D Measurement of Whole-Arm Kinematics as Rodents Perform Freely-Behaving Reaches.

Brett Nelson, Shafeeq Ibraheem, **Emily Nguyen**, Kristofer Bouchard.

Society for Neuroscience (SfN) 2021.

[Preprints/Under Review](#)

2026 [P1] De-conflating Preference and Qualification: Constrained Dual-Perspective Reasoning for Job Recommendation with Large Language Models

Bryce Kan*, Wei Yang*, **Emily Nguyen***, Ganghui Yi, Bowen Yi, Chenxiao Yu, Yan Liu
arXiv

[Theses](#)

2022 [T1] Machine Learning Methods for Supervised Classification of Behavioral Time Series Data.

Emily Nguyen.

B.A. Thesis; EECS Dept, University of California, Berkeley, 2022

Patents

2026 **U.S. Patent Application 19/381,256** Developed a multimodal deep learning framework combining whole slide histopathology images and clinical variables to predict treatment efficacy.

Teaching Experience

USC

Fall 2024 Mentor for Capstone Projects for Large Software Systems, CS 401 (UG level)

Fall 2023 Future Faculty Teaching Institute Certification from Center for Excellence in Teaching

Fall 2022 Teaching Assistant in CS@SC Program and LA Unified School District

UC Berkeley

Spring 2022 Teaching Assistant in Computational Models of Cognition, CS131 (UG level)
- Received excellent ratings on knowledgeability, supportiveness, clarity, availability, and grading fairness from 93% of student survey respondents.

Fall 2021 Junior Teaching Assistant in Principles of Data Science, Data100/200 (Grad/UG level)

Spring 2021 Tutor in Adaptive Instruction Methods in Computer Science, CS370 (UG level)
- Received maximum scores for knowledgeability, supportiveness, and clarity from 98% of students.

Fall 2020 Junior Teaching Assistant in Machine Structures, CS61C (UG level)

Spring 2020 Junior Teaching Assistant in Data Structures, CS61B (UG level)

Fall 2019 Junior Teaching Assistant in Structure of Computer Programs, CS61A (UG level)

Spring 2019 Junior Teaching Assistant in Foundations of Data Science, Data8 (UG level)

Emily T. Nguyen

Academic Activities

- Reviewer: AMIA 2024, AMIA 2025, KDD 2025
- Sp 2024-2025 Mentor in Google Artificial Intelligence x Viterbi LA Community Project
- Led teams of 60 students at 22 public events on AI with 600+ participants
- Aug 2023-2024 Facilitator for the Engineering in Society Program Ethos Discussions at USC
- Led engineering ethics sessions for 170+ undergraduates and 14 PhD students
- Jan-May 2024 Student advisory member for Viterbi K-12 STEM Center AI initiative at USC
- Aug 2021-2024 Advisor for Office of Undergraduate Research and Scholarships at UC Berkeley
- Hosted 100+ office hours and 30 workshops on campus research for 2000+ students
- Mar-Dec 2024 Student liaison for AMIA Student Working Group Member at Large
- Jun 2023 Volunteer for Machine Learning Center Deep Learning Summer School at USC
- Apr 2023 Ambassador for Engaging Girls in STEM with LA County Office of Education at USC
- 2022-Present Student Mentoring: Harsh Tosniwal, Bryce Kan, Joyce Zhou, Anangafac Alabaweh, Cathy Liu, Brian Liu, Leyland Yang, Angela Xu
- 2019 Golden Bear Orientation Leader for New Student Services at UC Berkeley

Media Coverage

- Aug 2024 The Good Life Discussions: Student-Led Conversations at USC *USC Press*
- Jul 2023 USC Computer Science Students Awarded NSF Graduate Fellowships *USC Press*
- Jun 2023 USC Invests \$1 Billion into Advancing Computing Research Curriculum *Spectrum News*

Other Skills and Interests

Programming Languages: Python, C, Java, SQL, RISC-V Assembly, Go, Scratch

Interests: nature photography, sunset walks on campus
